## In Loving Memory Of Alex Sherman Lopez

A sweat was held on March 25, 2018 in honor of Alex Sherman Lopez which marked his one year Anniversary, Alex passed in an Eeling accident at the South Jetty. After weeks of rain the rain held off long enough so that Family, Friends & Community members could come together to sing songs, offer prayers and ask for strength, so we as a whole can heal. After sweat everyone gathered at the Tribal Office to eat and share memories of Alex. The family was honored to see everyone come together to remember Alex, the most common thing that everyone remembers about Alex was that he was such an avid gatherer and that he always gave back to his Community especially the Elders. Alex was also known to be "Ruff" around the edges and never held back his opinion about anything, he also had a side to him that not many people seen and that was he had a heart full of love towards his family and you could always see him with one of his family members just hanging out. The one thing that stood out the most to Alex's Uncle Jesse after the sweat was seeing all the kids playing, "he said that any one of those groups of kids he could see Alex". Seeing that gave him all the comfort in the world. Alex's spirit will continue to live on through many generations to come and for that his family is grateful.

## **Waste Tire Amnesty Collection**

Humboldt Waste Management Authority (HWMA), through a CalRecycle grant, is holding an ongoing waste tire amnesty collection event. This grant funded opportunity will be available from January 1, 2018 through June 1, 2019 or until no more coupons are available.

### Collection Guidelines

#### **No Charge for Humboldt County Residents!!!**

- Dispose of 9 or fewer waste tires with a coupon.
- If you wish to bring more than 9 tires at one time, you must speak with either the HWMA Executive Director or the Director of Finance to garner the proper procedures and receive approval, prior to transporting tires.
- Both tires on and off rim will be accepted at no charge.
- Passenger and light duty truck tires accepted. Retail or commercially generated tires, semi tires, tractor or grader and solid tires not valid under the coupon program
- No charge only available when a valid coupon is presented.

### Tire Coupon Locations

#### **Adorni Center**

(707) 441-4248

#### **Humboldt Community Services District**

(707) 443-4558

#### **Arcata City Hall**

## Hot Off the Press! Natural Resources Department Launches Resource Plan Survey

-Please help create YOUR vision for the future of Table Bluff Reservation lands-

-Fill out the enclosed survey and kindly return it in the pre-stamped envelope-

In the last issue of the newsletter, the Wiyot Natural Resources Department (WNRD) announced that it was kicking-off the charge to begin the process of creating an Integrated Resource Management Plan (IRMP) for *raluaka* (Table Bluff). This will be a major plan for TBR which will function as the Tribe's strategic plan for the comprehensive management of Tribal resources. The IRMP provides a sound basis for the management of Reservation resources using the Tribe's vision for TBR and ties the natural environment to the Tribe's social values. In this issue, we take the first of many steps to incorporate Wiyot citizens' visions into the IRMP, by providing and encouraging readers to complete the enclosed IRMP Resource Interest Survey.

At the March 12 Wiyot Tribal Business Council meeting, the WRND received approval to begin the IRMP process by developing a Core Planning Team. The Chairman, Ted Hernandez, along with several members of Council agreed to participate and be a part of this Core Team. Wiyot Departmental staff and Wiyot citizens will also be asked to contribute to this plan and can express their ideas by completing the survey found in this newsletter. Please fill out the survey and return it to the WNRD in the provided pre-stamped envelope. Contributions and input to the Plan can also be made at any time by writing or calling the WNRD and by attending future public meetings related to the IRMP, which will be publicized in the newsletter and on the Tribe's website.

Now is the time to VOICE YOUR VISION for the FUTURE of the TABLE BLUFF RESERVATION! Wouldn't it be amazing if Table Bluff could one day be traditional-food secure and host our important food and medicinal plants used over the generations gone by? Maybe one day, elk could again roam the Table Bluff prairies, Indian potato patches could grow as thick as grass, and iris beds and hazelnut orchards could blanket the hillsides. This is the opportunity to dream big and set our goals high for the eco-cultural restoration of our lands, and in turn, the restoration of the Wiyot people and culture.

Tribal citizens who wish to be further involved with the IRMP process, please contact the WNRD at 707-733-5055 X122 or email at [adam@wiyot.us](mailto:adam@wiyot.us).

Dear Participant:

The Wiyot Tribe's Natural Resources Department (WNRD) is developing a comprehensive and integrated eco-cultural resource management plan (IRMP) for the Table Bluff Reservation and Wiyot community. We request your participation in the following survey to help us determine appropriate levels of resource use, your resource values and visions for the future of Table Bluff, and to assist us in the development of management strategies to ensure the long-term protection of our natural resources. If you would like to be more involved in the IRMP process, please contact one of the WNRD staff noted below. We thank you for your assistance!

Sincerely,

Tim Nelson  
Natural Resources Director

Please rate the following by placing an "X" mark in the column(s) that describe where you think present and future emphasis should be directed.

Land Use	Very Important	Important	Not Important	No Opinion
<b>Gathering</b> <b>Food Uses:</b> berry picking, hazelnut picking, etc.				
<b>Gathering</b> <b>Medicinal/Spiritual Uses:</b> ceremonial, traditional medicines, etc.				
<b>Fish/Shellfish Populations:</b> Access to Humboldt Bay				
<b>Game Populations:</b> Deer, Bear, Elk, Waterfowl, small game, etc.				
<b>Recreation:</b> Trails, tourism				
<b>Non-game Populations:</b> Songbirds, reptiles, etc.				
<b>Vegetation Management:</b> Native plant restoration				
<b>Water Quality:</b> Protection of wetlands, estuaries, rivers, creeks, and wells				
<b>Protected Eco-Cultural Areas:</b> Ceremonial, roadless, motor vehicles prohibited				
<b>Housing Site/Road Development</b>				
<b>Job opportunities</b>				
<b>Aesthetics:</b> Natural beauty				
<b>Agriculture:</b> Fruits and vegetables, livestock, orchards, cannabis, truck farming, farmers markets, etc.				

Which of the following issues should be made priorities in the Table Bluff Reservation land use planning process? (Please mark ["X"] for the 5 most important)

- Adequacy of water and sewer services
- Enhancement of Tribal community areas
- Preservation of native plant habitats and vegetation
- Development of adequate roads/housing infrastructure
- Protection of water quality
- Tribal plant gathering
- Commercial agriculture production
- Protection of historical/cultural resources
- Protection of scenery/ shoreline
- Protection of wetlands
- Protection of wildlife habitat
- Enhancement of tourism/recreation

What should be considered as most important in Wildlife Resource Management at the Table Bluff Reservation? Rate the following as you did above.

Wildlife	Very Im- portant	Important	Not Im- portant	No Opin- ion
<b>Deer</b>				
<b>Waterfowl</b>				
<b>Small game</b>				
<b>Fish/shellfish access</b>				
<b>Non-game</b>				
<b>Elk re-introduction</b>				
<b>Protected animals:</b> Eagles, amphibians, butterflies				

What should be considered as most important in Botanical Resource Management at the Table Bluff Reservation? Rate the following as you did above.

Botanical Resource	Very Im- portant	Important	Not Im- portant	No Opin- ion
<b>Wild berry crops</b> Salmonberry, huckleberry, blackberry, salal				
<b>Hazelnuts</b>				
<b>Indian potatoes</b> <i>Brodiaea</i> , wild onion, <i>Fritillaria</i>				
<b>Basketry materials</b> Hazelnut, maidenhair fern				
<b>Traditional medicines</b> Angelica, mugwort, nettle				
<b>Cultural Plants</b> Angelica, iris manzanita				
<b>Rare, Threatened, or Endangered Plants &amp; Natural Communities</b> Western lily, hazelnut scrub, coastal bramble				
<b>Modern Agriculture</b> Truck farming				

Do you heat your home with firewood?      Primarily \_\_\_\_ Secondarily \_\_\_\_ No \_\_\_\_

Should the Table Bluff Reservation establish protected area(s) where road construction and land development are restricted? No \_\_\_\_ Yes \_\_\_\_ Potential Areas: \_\_\_\_\_

Should the Tribe establish a Residential/Urban Development Plan identifying some areas for development, while limiting further development in other parts of the Reservation? (i.e., wetlands, Wiyot Days site)   No \_\_\_\_  
Yes \_\_\_\_\_

# **Shawir Darrudaluduk “We Belong to the Wilderness”**

Submitted By: Adam Canter

Do you think it is important for the Table Bluff Reservation to purchase lands that have a traditional, cultural, ecological, or historical significance? No \_\_\_\_\_ Yes \_\_\_\_\_

Which priority for the Table Bluff Reservation is most important to you?

Access to Nature & Traditional Natural Resources  
 Economic, Housing, and Job Development

Which of the following Land-based Priorities do you value most for the Table Bluff Reservation?

Please pick no more than 5 priorities

Economic Development and Job Creation  
 Land Preservation and Protection from Development  
 Commercial Vegetable, Fruit, or Beef Agriculture  
 Natural Beauty and Scenery  
 Eco-Cultural Habitat Restoration  
 Elk Re-introduction  
 Environmental and Youth Education  
 Access to Traditional Cultural Plants for Gathering  
 Expansion of Cultural Areas (e.g., Wiyot Days Site)  
 Maintenance of Open-pasture and Hay Production  
 Expansion and Restoration of Native Shrublands and Grasslands  
 Development of Elder and Community Housing  
 Development of a Cultural Garden  
 Cannabis Agriculture  
 Hunting  
 Marine Resource Access (clamming, fishing, etc.)  
 Recreation Trails  
 Opportunities for Solitude and Vision Questing  
 Development of a Wiyot Native Plant Nursery for Restoration, Tribal Citizens, and Commercial Sales  
 Creation of a Lands Committee for Prioritizing the Re-patriation of Significant Wiyot Lands  
 Installation of Native Berry and Hazelnut Crops  
 Tourism Development (traditional or eco-tourism)  
 Animal and Tick-borne Disease Prevention  
 Green-waste Management  
 Solid Waste Management  
 Invasive and Noxious Weed Management  
 Expansion of Water Quality Protection Program

Please list the types of Land Resource Uses and Values and/or examples of Economic and Job Development you would like to see at the Table Bluff Reservation for present and future generations.

Submitted By: Ted Hernandez

## Lhatsik Houmoulu'I

During the month of February, we had the Loleta School 2<sup>nd</sup> and 3<sup>rd</sup> grade class come out and visit our little heritage center. They were given a tour of our cleaning house, smoke house, and were able to see some of the artifacts that we have in our collection. I would like to give a Thank You to our Vice Chair Brian Mead and his lovely wife Rosie for giving the children a demonstration on the cleaning process of eels that were freshly caught by them that day. The children really enjoyed the process of learning how to clean them. The kids even got to sample the eel after they were cooked by Margarett Moon thank you Margarett for doing this for them. The children also were taught about the Wiyot history and some of the ceremonies the Tribe has. [Lhatsik Houmoulu'I](#) and Loleta school are planning to do more activities in the future. The Heritage center also hosted a visit from one of our local Home School classes of grades 2<sup>nd</sup> to 8<sup>th</sup> grade. It is always awesome to have the younger generations come out and learn something new and the land that they now call home. Lhatsik Houmoulu'I will be continue to work with our local schools to have more interaction with the younger generations. Thank you to the teachers for bringing out your students so that they could learn about the Wiyot culture.

We also were able to bring home some old growth redwood logs home with the help of BLM. This was during their clean up at the end of the south jetty. With these logs we will be able to start building our dance house and a traditional dugout. It has been great working with BLM as a partner in gathering logs or other traditional materials to start the process.

We are working with the Peabody and the Field Museum on bringing home some of our Ceremonial ancestors. They have been away way to long, so they are coming home to sing and dance again. This departments goal is to bring back all of our ancestors from all of the museums that house them. For they can once again be connected to their Wiyot lands from which they were taken from.

We are continually looking into smaller grants from our area partners to help fund more of our youth activities and supplies. Lhatsik Houmoulu'I is also seeking volunteers to help with our Community Garden for this new season of vegetables and fruit, if you are looking for something fun to do during the spring and summer this would be some great activities.

## Tsek Houdaqh

For the month of February, we started out with a project with Natural resources. The kids learned how to work with compasses! We had kids in the kitchen which they learned how to make a heathy snack. J We also had our monthly movie night fundraiser, Cars 3 and made just over \$60. A bit lower then usually but there was that sickness going around. We had a Valentine's Day fundraiser. The kids made their parents a valentine picture frame with a picture of them in it, super cute. They also did some art work on canvases and painted snakes. We started to work with Del Arte at the end of February and will continue to work with them from now until April. Making puppets for a puppet show we will be putting on for the elders in April!!! We had a lot of kids during the president's break.

Starting April 5<sup>th</sup> Tsek Houdaqh will open starting at 1pm till 6pm. The hours will change when children have school conference's or when there are in service days at the schools. We will be posting our summer hours in upcoming newsletters.

Vice Chair Brian Mead, Rosie Mead, Cultural director Ted Hernandez and Loleta School children

## **How Spider Got His Thread**

In the beginning of time and the world, Spider was already there but did not know how to get his food. He went to see Creator, whose name means Above-Old-Man, and he asked him what to do. "Sit here and work with me for a while," said Above-Old-Man, and he gave Spider a string to make. Spider put the string in his mouth and swallowed and swallowed and swallowed. He kept swallowing. Above-Old-Man was watching. "All right he can keep it if he wants it that much," he thought. All this had happened in the sky. "How shall I get down from here?" said Spider to himself. "There is no way to get down" So he drew some of the string out of his mouth, tied it to the cloud and let himself down. At last he came to the earth. Here he used Above-Old-Man's gift of string to make his web to catch his food. And that is how Spider got his thread.

If you are interested in sitting on the committees please contact Ted Hernandez, Hazel James, and Donna Wilson at the tribal office 707-733-5055, we can put down your name and set up these committees around your schedule so we can have more input from Tribal Families, to discuss the cultural importance and the needs of the community.

### Upcoming Committee meetings:

April 20, 2018 3pm Parent committee

April 20, 2018 4pm Cultural committee

\* Both meetings will be held in the big room at the Tribal Office.

---

The mission of the Wiyot Heritage Center is to promote the understanding, revitalization, and celebration of Wiyot culture. Recognizing culture as a dynamic process and the Wiyot as a living people, the Center's goals are to treasure the past, enrich the present, and meet the challenges of the future.
