

The Da'luk

**Do you Have a Vision for the Table Bluff Reservation (TBR)?
Do you want to have a voice for the future of resources management at
TBR? Come to the Annual Wiyot Day Celebration August 24th and help
develop alternatives and ideas for the
Integrated Resources Management Plan (IRMP)!**

The Vision of the Wiyot IRMP is to help foster an integrated approach to the management of the Tribes lands and resources, maintain wilderness, natural characteristics, and ecosystem processes of the Tribe's lands, and promote and conduct eco-cultural restoration as a means of ecological stewardship and cultural renewal, while guiding smart and environmentally sound growth and economic opportunities for the Wiyot People.

For the last year, the Wiyot Natural Resources Department (WNRD) has been gathering Tribal and public input for the development of the IRMP, an umbrella big-picture plan for the guided management of resources and lands at TBR. Several public surveys were given, both online and at the annual Wiyot Day festival last August, in an effort to get as much participation in the process as possible, and to ensure that all voices are represented in the IRMP. These surveys, along with two open IRMP focused meetings, have helped the WNRD to better understand Tribal citizens issues and concerns in regards to resources management, and helped to begin the process of developing goals and objectives for the plan. Some of the highest ranked priorities that were expressed through the community outreach surveys, include:

- 1-Land Preservation and Protection from Development**
- 2-Environmental Education**
- 3-Access to Traditional Cultural Plants for Gathering**
- 4-Eco-Cultural Habitat Restoration**
- 5-(tied)-Development of Elder Comm. Housing, Ex-**

pansion of Water Quality Program

6-Installation of Native Berry and Hazelnut Crops

Results from this past years Wiyot Day surveys, were similar, despite being representative from a broader spectrum of non-tribal respondents and included:

Water Quality

Eco-cultural restoration (Wiyot Day/Ceremonial sites, native plant restoration, basket garden)

Environmental Education

Ethnobotany

Wildlife

Fire/Cultural Burning/Fire Ecology (100% respondents think Table Bluff should begin the process of introducing small cultural burns to the Reservation)

Marine Resource Access

Land Protection Land Acquisition (broader resource conservation efforts throughout Wiyot Ancestral Territory)

Now, we are asking Tribal citizens and the public to dig a little deeper by voicing your opinions about what we have gathered so far, and begin actually developing activities and goals to be developed into a list of alternatives for different sectors of the TBR landscape, including ideas for economic development. **Please come and participate this Wiyot Day 2019 at the WNRD table this August 24th at TBR for your chance to win exciting prizes!** We are the future and the future is bright!

Good Luck Tim Nelson!

It is with great sadness we say goodbye to our NRD Director Tim Nelson. Tim has been with the Wiyot Tribe for 12 years and will be leaving us for a new adventure. We Thank you for all the time and energy that you have invested into the Tribe from Indian Island clean up and restoring it back to where we are able to have our ceremonies , fighting for our river, getting solar panels for Tribal homes, bringing aware-

ness to all of us about the importance of hazardous waste and recycling just to name a few. It has been a pleasure having you with the Wiyot Tribe, we wish you the BEST of luck in your new journey ahead!

Wiyot Tribe Receives \$48,000 to Install Additional Solar Energy Systems on TBR Homes

The Tribe and GRID Alternative applied for monies through the Tribal Solar Accelerator Fund (TSAF) for the installation of solar electric systems on 4 TBR homes. We were recently informed that we received the full asking price of \$47,815 to install these systems and have worked to line out residences whom have expressed interest in installing a system.

WNRD staff have been working with GRID Alternatives staff to find additional homes for the installation of photovoltaic (PV) systems. For 2019, the Tribe and GRID Alternative have installed PV systems at the three (3) residences and plan to complete additional installations by the end of the year. To date, eleven (11) TBR households have solar panels installed and, ultimately, WNRD and GRID are hopeful to have solar panels on all qualifying TBR households by 2022.

Wiyot Tribe and Humboldt Baykeeper Team Up to Assess Mercury Levels in Pacific Lamprey

The grant through California Environmental Protection Agency (CalEPA) will analyze fish caught by local tribal, subsistence, and sport fishermen in Humboldt Bay and nearby coastal waters in northwestern California to determine the magnitude of mercury exposure from local fish consumption. This project is part of the second phase of a project previously funded by CalEPA and aims to inform tribal members, fishermen, and their families of best practices to avoid mercury exposure. Humboldt Baykeeper will recruit traditional tribal and subsistence fishermen to provide samples of Pacific lamprey, lingcod, black rockfish, and other important local species to assess the human health risk from mercury exposure. Lamprey and fish tissue samples will be collected and analyzed by a certified laboratory to add to results from Phase I. Data from this project will be used to make recommendations to reduce community exposure.

By the next eeling season, the Natural Resources Department will be looking for interested eelers who would like to be paid to catch ocean returning (running) lamprey for mercury analysis. Please contact Eddie Koch at 707-733-5055 x105 or eddie@wiyot.us if you are interested. For more information on the study please visit:

Did you know?

1. Renewable energy creates 5 times more jobs than fossil fuels.
2. Fossil fuels get 4 times the subsidies of renewable from G20 nations.
3. Solar power may account for the world's main source of power by 2050!
4. In 1921 Albert Einstein was awarded the Nobel Prize in Physics for his discovery of the photoelectric effect - and hence, solar panels.
5. Renewable energy sources, like wind and solar power, now generate almost a third of the United Kingdom's electricity.

Ha'wa'lou Everyone

As Wiyot Day is just around the corner the Cultural Department is tying up loose ends with the scheduling, Elders gifts, necklace making and menu planning. We are sad to say there will be no stick game tournament this year do to football starting up in some areas some teams wont be able to make it. This year Dell Arte' will be doing a show for us. We will also have the bird singers this year as well as the bear dancers along with Jai Kibby and Bruce Kaye, Round Valley, Native Resistance, Flower Dance demo with Rachel Sundberg. Just a reminder Wiyot day this year is August 24th @2pm once I get the schedule set up I will post it on online. July 9th I assisted Tim Nelson and Lynnika Butler with a presentation in the Cultural Department for Madison Flynn and some of her students. The Cultural Department is still working on getting days and times together along with a few more supplies for dress making then the Cultural Department will be able to start up dress making classes along with regalia making and dance protocols and handling of the regalia protocols.

Wiyot Day

Honoring our Elders and Veterans

Save the Date: Wiyot Day August 24, 2019, Opening prayer 2pm

The Wiyot Tribe hosts Wiyot Day annually to provide an opportunity for the whole community to come together and celebrate Wiyot Culture, honor our elders, and veterans. The event is held at Table Bluff Reservation in Loleta California. The event features dance and cultural demonstrations, a stick game, Card Game Tournament, live music, games for kids and dozens of vendors. The Tribe will be serving dinner at 5:30 pm for \$10. From US highway 101 take the Hookton Road off-ramp, from Hookton Road, turn right on Phelan road. Event parking will be on the left. Vendor opportunities are available please contact the Tribal office to reserve your space. If interested in having a stick team please contact the Cultural Director Ted Hernandez (707) 733-5055 ted@wiyot.us

Pelican

A Wiyot story recor

1. Jawerrajilh doubelilh dagiweghilh.
Pelican fished with a dipnet.
2. Diwil doubelilh.
Others fished.
3. Jawerraji kawougumerilh.
Pelican stole food (fished on the sly).
4. Diwile daganewouwi goutsayoudayegherraqh.
He stole from the others for a year.
5. Sou Dile hiyouwilh.
Eagle came.
6. Inaghilh, "Gouts ganuqh."
He thought, "(This) is not good."
7. Inaghilh, "Wakelham gitga, dakiywouy."
He thought, "I'll look for him fishing with a dipnet."
8. Di'l iyouwilh yitawane, "Shougourrerir!" Jawerraji hanew'.
Eagle came and said to Pelican, "Stop doing it!"
9. Sou Dil hilhugilh.
Eagle went (to him).
10. Jaweraji iku'n.
He caught Pelican.
11. Hitgin, youshkan, daghatge'negelh.
He pulled, he tore, he tore him to pieces.
12. Daqiyuqhterr.
Then he built a fire.
13. Hiniyewuk.
He killed him.
14. Sou kapelilh diwila, higagouweyelilh.
The others fished and were no longer afraid.
15. Gouts hinuqh.
It was good.
16. Hamabeli Dile rraweramilh.
Eagle's relatives fished.
17. Hikawetou.
He gave them food.
18. Gabelilh.
They started to fish.
19. Jaweraji gagouwa'belilh.
Pelican no longer fished.
20. Gouts hinuqh.
It was good.
