

The Da'luk

In response to the novel Coronavirus COVID-19 global pandemic, the Wiyot Tribe has issued a Shelter in Place order effective 12:01 pm March 20, 2020 to April 07, 2020 for Table Bluff Reservation. The Tribal government will continue to operate essential programs and maintain critical infrastructure.

On March 16, 2020 the Wiyot Tribe declared a State of Emergency in response to the COVID-19 Coronavirus. On March 15, 2020 the Wiyot Tribe ordered community mitigation strategies prevent the introduction of COVID-19 into the local community and slow the spread of the virus. These strategies include a public health campaign focusing on personal level actions, social distancing protocols, and protective measures.

Tribal Health and Human Services staff have initiated a public health campaign to inform staff, citizens, community members and visitors about personal level actions to reduce the spread of the virus. These personal actions will include not be limited to hand-washing techniques, the symptoms of COVID-19, staying home when sick, respiratory etiquette, limiting visitors and movement within the community, telephoning the doctor's office in advance of a visit.

All Tribal offices continue to be closed to the public. All meetings, social gatherings, and

classes will be postponed until further notice. The World Renewal Ceremony has been postponed to next year to protect elders, dancers and their families.

COVID-19

The Tsek Houdaqh Youth program and daily elder's congregate meal program will be closed. However, the elder's home meal delivery and school lunch program will be continued using a modified approach using social distancing and increased sanitation procedures.

As it has been recommended by Governor Newsom that all elders over 65 self-isolate, the Tribe is encouraging tribal elders to reach out to the title VI elders' program for assistance by phone for assistance as needed. The COVID-19 Global pandemic is an evolving health emergency.

The Tribe will continue to monitor available health information provided by County, State, and Federal public health agencies. It is critical that the tribe work to maintain critical infrastructure necessary to maintain the operation of the government and work to protect the introduction of COVID-19 into the local community and slow the spread of the virus.

ROU SOULATLOUY ~ Wiyot Conversation Book Project: Thank you to all who have attended Rou Soulatlouy workshops thus far! At the request of one of our younger participants, we have put together a draft conversation with phrases for playing hide & seek in Wiyot! It includes words for "hide", "look for/find", "count", and the numbers 1-10 in Wiyot. You can download a copy at the project website: <http://www.wiyot.us/336/Rou-Soulatlouy-conversation-book-project> or email lynnika@wiyot.us.

*****TENTATIVE*** SCHEDULE FOR APRIL WORKSHOPS:**

Because of uncertainty around Coronavirus/COVID-19, we are TENTATIVELY scheduling workshops for April; however, these may be canceled if we start to see more cases in the community & public gatherings are being shut down to slow the spread of the disease (especially since elders may be more at risk). So before joining us on either of these dates, please check the website at the link above, email lynnika@wiyot.us, or call the front office to confirm whether we will still be meeting! We will also post updates via Facebook. If we need to cancel workshops for any length of time, we will try to arrange some remote meetings by Skype for those who are able to connect.

LANGUAGE MATERIALS

We recently acquired digital copies of 50 stick figure drawings that the linguist Karl Teeter used to elicit Wiyot sentences from Della Prince (one of the last fluent Wiyot speakers). Teeter published Mrs. Prince's descriptions of these pictures in his 1964 and 1993 books about the Wiyot language, but did not include the pictures themselves. In the coming months, I will make all of the pictures and descriptions available through the Tribe's website, but in the meantime, here is the first image, along with Mrs. Prince's descriptions:

Gou diqa, da'luwilh, douklhamilh, gou da'luwilhi'.

That man, he's standing, he's looking at that standing thing (tree).

Wagulhat ya rruqh.

It looks like a pepperwood tree.

Gida, mibi, voupul, gida.

Perhaps, maybe it's a redwood, perhaps.

Please contact me if you would like copies of these illustrations or any other language materials. As always, please let me know what types of language materials or information would be useful to you! lynnika@wiyot.us
