

The California Emerging Technology Fund Student Chromebook Agreement

Introduction

In response to the current pandemic, The California Emerging Technology Fund (CETF), in partnership with Frontier Communications, and the Wiyot Tribe have selected students to receive Chromebooks to be used for school related needs, including distance learning and parents needs for managing the family. The Chromebook will be owned by the students, however the Student Ownership Agreement acknowledges that the school may request students to bring their Chromebook to daily instruction.

At the Wiyot Tribe, we are dedicated to enhancing the educational experience of students' use of technology so that they are empowered to take charge of their own learning and development and support their household. A Chromebook provides exciting opportunities for students and their families, and it likewise entails responsibilities.

This Agreement explains what is expected from students and families regarding proper Chromebook use and care. Included in the appendices are the Student Chromebook Agreement (Appendix A), the No Bullying or Hazing Contract (Appendix B), and the Student Digital Access Survey (Appendix C). These documents must be signed by the student and returned to the Health & Human Services Department at 1000 Wiyot Drive, Loleta, CA 95551, prior to being issued or using a Chromebook.

Appendix A **Student Chromebook Agreement**

I, _____, attest that I have read and understood the rules and guidelines in the Student Chromebook Agreement. I agree to follow the rules and guidelines listed in the Agreement and I understand the rules and guidelines when using the Chromebook for school. I understand that if I fail to comply with the rules and guidelines, I may face other disciplinary and legal actions for inappropriate use of the Chromebook. I further agree to indemnify and hold harmless any failure of Internet security or safety measures; malfunction of the Chromebook and software; and any harm, injury or cost resulting from the improper use of the Chromebook. I understand that I will complete a follow-up Digital Impact Survey in April 2022 to students receiving a Chromebook and provide the results to the California Emerging Technology Fund to analyze the impact. I give my consent for photographs/videos taken at distribution events in which myself to be used in any way the Wiyot Tribe may care to use them.

I have reviewed and understood the Student Agreement. I understand the rules and guidelines and the consequences of breaking them.
